

Global Registration Indemnification Form

Whenever someone registers for a W&L event on GivePulse, they encounter this form, and they will not be able to complete registration without checking the “agree” box. This serves as a brief reminder to users that when they register for/participate in any event on GP, they’re doing so under the terms they’ve agreed to as a user of the platform.

REMINDER OF Terms of Service/Use Agreement

When you initially registered as a user of this site, you agreed to our [Terms of Service/Use Agreement](#). This is a reminder that the terms and conditions outlined in that agreement are applicable to the activity for which you are now registering. Additionally, as a member of the W&L community, you are subject to all University policies.

ENGAGE W&L RELEASE OF LIABILITY

Traveling and studying away from campus incurs certain risks. These risks are minimized by the exercise of reasonable care, which includes a knowledge of and adherence to all safety considerations and guidelines for the locality to which you are traveling, and familiarizing yourself with various local conditions/situations that may impact your study and living environment. While traveling off-campus, you assume responsibility for your own health and safety. You are agreeing to travel responsibly, to adhere to our Honor System, and to represent W&L well in both your professional and personal conduct.

You authorize the information provided to or contained in Engage W&L/GivePulse, including but not limited to, first name, last name, phone number, address, and email address, to be viewed by all persons who will be supervising the volunteer activities for which you have registered through Engage W&L/GivePulse, including community organization staff and Engage W&L/GivePulse administrators.

REMINDER OF PROFESSIONAL STANDARDS OF CONDUCT

By registering for this event, I agree to:

- Provide accurate and honest information about your education, achievements, and experience.
- Prepare to the best of your abilities and conduct yourself professionally.
- Register for an activity in good faith, with the full intention of honoring the commitment. If you encounter difficulty during the experiences or cannot honor your commitment for any reason, you agree to contact the W&L Community-Based Learning Office for assistance.
- Cancel any volunteer commitment with adequate notice of at least two business days and notify the community organization, W&L Community-Based Learning staff, and/or faculty member involved. If an emergency should arise and you are unable to honor your commitment, you will also contact the abovementioned parties as soon as possible, as applicable. You understand that your absence impacts others and potentially prevents future opportunities for engagement and collaboration between W&L and the broader community.
